

COLD CASE PROJECT OF MONTEREY COUNTY

The Cold Case Project of Monterey County is a 501(c)(3) nonprofit organization run by an all-volunteer team, and was established to address the financial challenges faced by Monterey County law enforcement in sustaining their efforts to solve cold cases. The high cost of advanced forensic analysis, coupled with the exhaustion of federal grant funding, threatens to delay closure for victims and their families. By providing financial support, the Cold Case Project of Monterey County ensures that local agencies can access crucial resources, empowering investigators to pursue justice without being hindered by prohibitive costs. We rely on community support to continue this vital work.
